

SPEEDSIZE INTEGRATIONS

LINK | SCRIPT | VIDSITE | MAGENTO | SHOPIFY | WORDPRESS

No more complex APIs and coding processes. SpeedSize™ offers effortless and customizable integration options, including media Link redirect, 1 line of Script in the header, or dedicated Plugins for the most popular CMSs: Shopify, WordPress and Magento-Amasty. SpeedSize™'s neuroscience AI-optimization will automatically decide the correct format, crop and resize your media. Then it will deliver the best media file for every user, reducing the size by up to ~99% with no visible quality loss.

MEDIA AI-OPTIMIZATION PROCESS

“SHOPIFY” INTEGRATION

Automatically and securely make your site load faster and use the original high-quality images up to ~99% smaller. The SpeedSize™ Shopify plugin can be implemented in seconds after receiving your client ID.
